### **ABOUT AGAMIM CLASSICAL ACADEMY**

**Agamim Classical Academy is different from other schools—by design.**

We are a K-8 public charter school that offers a classical, liberal arts education for free. Our highly diverse student body of 260 scholars comes to our school from over 25 Metro area cities and around the world. Our students receive a rigorous, joyful, virtuous, culturally responsive, and classical education. This kind of learning is designed to stimulate the mind, shape the heart, and enable the will to act on what is right and beautiful for oneself and others.

*Our staff are the heart of the academy, and we are excited for you to join in our mission to give each student the excellent educational and moral foundation they need to flourish. We also aspire to be the best place for educators to grow, learn, and refine their careers in an enriching and supportive culture.*

Classical education is inspirational and life-changing for our students, staff, and families. It requires a dynamic, curious, engaging, organized, and happy teacher who loves to learn and works hard to see all students meet and exceed their potential.

**If you are ready to learn more: Please email your resume to [teaching@agamim.org](mailto:teaching@agamim.org). We are excited to connect with you!**
