DESIGNATION OF PRIMARY CONTACT PERSON

The executive director of the school is designated as the primary contact person in the school building to receive reports of bullying, ensure that this policy is fairly and fully implemented, and serve as the primary contact with the Minnesota Department of Education regarding matters under this policy.

CONSEQUENCES

The executive director is to conduct or ensure the following:

- A. Intervention, Warning, and Redirection. A teacher, principal, or staff member will take appropriate steps to ensure that the immediate behavior stops and reinforce to the student that bullying will not be tolerated. The staff member will redirect the student and may help the student identify better choices the student can make in the future. Each response should be tailored to the individual incident, and the individual students involved.

- B. Investigation. The executive director will begin to investigate reports of bullying within three school days of the report, and will be responsible for keeping and regulating access to the resulting record.
 - 1. The alleged actor of the prohibited conduct may present a defense.
 - 2. The executive director must allow anonymous reporting but must not rely solely on an anonymous report to determine discipline.
 - 3. Notification of Parents. If an incident of bullying is identified, the executive director will notify the parent of the student who was bullied and the student who did the bullying. However, the executive director has the discretion to override the presumption of notification and withhold parental notification if the executive director determines that withholding notification would be in the best interest of the child. The parent may be asked to meet with the executive director or other members of the school staff, including the student's teacher and/or the school counselor. This will be done at the executive director's discretion and must be consistent with state and federal data practices law.
 - 4. The executive director will provide or arrange remedial responses and ensure that the responses are tailored to the particular incident and nature of the conduct and the student's developmental age and behavior history.
 - 5. The executive director will inform the affected students and their parents of their rights under state and federal data practices laws to obtain access to data on related to the incident (to the extent permitted by data privacy law) and their right to contest the accuracy of the data.
 - 6. The executive director will inform the target, the actor engaged in bullying, and those who report or provide information related to bullying, that reprisals or retaliation is prohibited and the Executive director will establish and enforce appropriate consequences for a person who engages in reprisal or retaliation.

- C. Referral to Professional School Support Staff. A student who violates this policy may be asked to meet with a school counselor or other staff to work on positive behavioral interventions to help prevent future violations.
- D. Referral to available Community Resources. The involved students and their parents will be given references to community resources and support, as it is appropriate.
- E. Where appropriate for a child with a disability to prevent or respond to prohibited conduct, the child's Individualized Education Program or Section 504 plan may address the skills and proficiencies the child needs to respond to or not engage in the prohibited conduct.
- F. Loss of School Privileges. The student may lose recess for one or more days, may lose school privileges, or be suspended, as appropriate.
- G. Suspension/Expulsion. In cases of severe or repeated bullying, the student may be suspended or expelled.
- H. Staff Consequences. An Agamim Classical Academy employee who fails to immediately and appropriately address bullying may be asked to participate in additional staff training or may be mentored. A staff member's repeated failure to address bullying behavior may result in discipline up to and including discharge, as appropriate.

RETALIATION IS PROHIBITED

The school board prohibits reprisal or retaliation for asserting, alleging, reporting, or providing information about bullying. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation will be determined by the school executive director after consideration of the nature, severity, and circumstances of the act.
