Due to high demand, Agamim Classical Academy, a public classical charter school, is excited to make its new home in Edina at 5300 France Avenue South in July 2019. Agamim has spent four years growing from a school of 75 scholars in 2015 to 310 scholars this year at 1503 Boyce Street in Hopkins where it rented the St. Gabriel the Archangel Catholic Church building.

Agamim Classical Academy is a tuition-free, K-8 public charter school that is open to all children in Minnesota. Because of the small teacher-to-student ratios, academic rigor, uniforms, and strong parent involvement, the public school feels more like a private academy. This year, the academy has grades K-7. They will complete their grade level growth to be K-8 this fall for the 2019-2020 school year.

Applications for 2019-2020 enrollment in all grades are still being accepted. The form can be found [HERE](#).

Agamim Classical Academy hosted a community celebration assembly on Friday, March 15th, to announce the move. The video announcement can be found [HERE](#).
